

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
CH 10	2	Melanie Sand	1610 Robert E. Lee Blvd. Apt. 118, NOLA 70122	msand@uno.edu	765-419-3774	Lake Terrace	X		I appreciate the attention being paid to sustainable development practices such as natural wastewater management (rain gardens, bio-swales, etc.), shared parking and adaptive reuse. I would love to see more of this in commercial and mixed use districts. Keep up the good work!
n/a	9	Linda S. Fornerette	4970 Pecan Street	bigsisese@yahoo.com	504-241-5883	Plum Orchard	X		1. How about a walking path along Dwyer Road starting at Downman Road to Village de'lest. 2. How about some curb work along Dwyer Road to all connecting streets.
NA	9	Larraine Washington		lwash135@yahoo.com				X	The medical district should be located in N.O.. East. Including the VA hospital, VA on Bullard, LSU @ Methodist site. N.O.. East has enough undeveloped land for expansion for next 20 to 30 years. Hotels are in place. Do not have to worry about parades, superdome events, etc. N.O.. East more serene and calm environment for research. Also, with old Charity Hospital can be converted to bas condo's for doctors, nurses, etc and medical related business, monies can be used for research projects. This can probably be done at a cheaper cost if built in N.O. East. We may even be able to build a small facility in Algiers for their residents in the future.
NA	1	Michelle Kimball	923 Tchoupitoulas St.	mkimbal@preno.org	504-390-3209		X		If not already done, please post proposed amendments online.
PD 2-47	2	Sara Tolleson	1610-A O.C. Haley Blvd., NOLA 70113	tolleson@gchp.net	504-525-2505	Central City		x	This amendment would seem to change the Mr. Peanut Park back to residential. Is there a plan to dismantle the Mr. Peanut Park?
PD 3-106	3	Keith Hardie	618 Audubon	keithhardie@yahoo.com	861-9798	Carrollton / University		X	Please do not make this area more dense. I live in one of the existing houses and it is single family. Until the S & P allowed conversion of a single family to a double, here were 3 single family houses on the block.
PD 3-109	3	Tracy Lea	417 Henry Clay	tracylea@bellsouth.net		west riverside		X	support
PD 3-112	3	Tracy Lea	417 Henry Clay	tracylea@bellsouth.net		west riverside		X	oppose
PD 3-113	3	Tracy Lea	417 Henry Clay	tracylea@bellsouth.net		west riverside		X	oppose
PD 3-7	3	Nancy Hales	170 Walnut St.	nhales@haleshome.com	866-1779	Upper Audubon		X	Magazine / Audubon / Walnut #7 on your map of proposed land use. We like the staff proposed residential low density
PD 3-77	3	Tracy Lea	417 Henry Clay	tracylea@bellsouth.net		west riverside		X	oppose
PD 3-80	3	Linda Babineaux	1206 Short St.	realtorLB1@aol.com	957-8014	Carrollton		X	Like residential low density most of Square is RD2. My property backs up behind this. We could not sleep if it is mixed use (totally against) or commercial would destroy the whole residential square. I am behind Fidelity Homestead. As Well Rite Aid should be residential "Low Density." We have enough bars - litter and loud walking traffic and excessive parking already - this should be the residential entrance to uptown.
PD 3-86 and PD3-2R	3	Kathleen VanHorn	5207 Tchoupitoulas					X	I strongly support these amendments to re-zone this corridor of Tchoupitoulas to be more business-friendly!
PD 3-9	3	Tracy Lea	417 Henry Clay	tracylea@bellsouth.net		west riverside		X	support
PD 7-18	7	Anthony Eschmann	822 Lesepps St	knittingduck@aol.com	504-301-3772	Bywater		M	I am opposed to changing the 800 block of Poland to commercial. The block is almost entirely residential and should remain so.
PD 7-18	7	John Andrews III	828 Poland Ave		504-250-4730	Bywater		M	I live and own 1 rental in the uptown side of the 800 block of Poland Avenue. My properties are presently zoned RD-3. Why are you proposing to change my land use to mixed use low density? Every building on this block except for the little garage on the Burgundy corner is a single family residence!! Keep it low density residential!
PD 7-18	7	John Andrews	819 Lesseps	wehatecomputers@cox.net	504-813-6675	Bywater		M	I do not want the land use and zoning on the Poland Ave side of my square changed from its present residential to mixed use. All of the buildings on this 800 block of Poland are single family homes except for a garage on the corner of Burgundy.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD 7-2.R	7	John Andrews	819 Lesseps	wehatecomputers@cox.net	504-813-6675	Bywater		M	I do not want the density to be changed from its present low density residential to medium or from low density mixed use to medium density mixed use. The CPC's own analysis of Bywater shows it to be a low density neighborhood. "It ain't broke so don't try + fix it."
PD 7-2.R	7	David Peltier	817 Montegut	d1319dec@cox.net	504-948-7330	Bywater		M	Both of these neighborhoods should be low density. There is no logical argument for either to be medium.
PD 7-2.R	7	Anthony Eschmann	822 Lesepps St	knittingduck@aol.com	504-301-3772	Bywater		M	No medium density. Keep it low.
PD 7-2.R	7	Katherine Prevost	1812 Congress	bunnyfriendasso@gmail.com	504-943-0846	Bunny Friend		M	The medium density proposal should stop at St. Claude Ave.
PD 7-2.R	7	Anthony Eschmann	822 Lesepps St	knittingduck@aol.com	504-301-3772	Bywater		M	This proposal by the Bywater Neighborhood Assn is not in the best interest of the Bywater. There was no community input for this executive decision in 2010 when this was discussed in a general meeting the majority present were opposed.
PD 7-2.R	7	David Peltier	817 Montegut	d1319dec@cox.net	504-948-7330	Bywater		M	Please retain low density - there is no logical reason to increase to medium when so many properties are still undeveloped. Maybe in the future if there is a need but not now.
PD 7-2.R	7	Courtney Kearney	2406 Burgundy St		985-630-2873	Bywater		M	There is no need to change the Bywater from a low density to a medium density neighborhood. There are plenty of homes that still need to renovated (especially N of St Claude) before the neighborhood zone should be changed.
PD 7-2.R	7	Beverly Andrews	819 Lesseps	wehatecomputers@cox.net	504-945-6380	Bywater		M	I would like to see Bywater remain a low-density residential neighborhood. It's a great neighborhood just as it is. I've lived in Bywater for 37 years, through its ups and downs. Bywater now is the best it has ever been and I don't wish to see it changed.
PD 7-21	7	Katherine Prevost	1812 Congress		504-943-0846	Bunny Friend		M	Bunny Friend agree with the proposal PD7-21. there is a potato chip factory at Port and Rocheblave. Supports the neighborhood and provides jobs.
PD 7-3.R	7	Jackson Knowles	2800 Chartres St	jknowles@noccainstitute.com	504-940-2809	Marigny		M	I support the requested amendment from park / open space to low density mixed use.
PD 7-3.R	7	Sally Perry	2800 Chartres St	sperry@noccainstitute.com	504-940-2849	Marigny		M	Support change of lots down Press St. from open space to mixed use low density for NOCCA Institute development.
PD 7-42	7	Katherine Prevost	1812 Congress	bunnyfriendasso@gmail.com	504-943-0846	Bunny Friend		M	Bunny Friend agree with the proposal PD7-42. This were our Business Corridor with end.
PD 7-48	7	Peter Horjus	2517 N. Rampart St	phorjus@yahoo.com	504-952-2979	Marigny		M	I <u>support</u> the change of this area from mixed-use to residential. It abuts my property and serves as a buffer from the commercial activities on St. Claude.
PD 7-5.R	7	Shea Embry	3925 Burgundy	shea@luckistar.com	504-756-9023	Bywater		M	I am concerned about the Mazant / Batholomew Park entrance being negatively impacted if the 5.R change to Industrial takes place. Please add protection for pedestrians and bicycles.
PD 7-5.R	7	Rick Fifield	600 St Roch	rick.fifield@gmail.com	504-319-3221	Bywater		M	The people of New Orleans want access to the water front. It is against our long term interests to change open space park to industrial. We pushed back the Port and their ill conceived plan to build cold storage. We should not have to say NO again.
PD 7-5.R	7	Deborah Oppenheim	600 St Roch	deboraho104@gmail.com	504-319-4262	Bywater		M	The people of New Orleans want access to the water front. It's against our long term interest to change open space park to industrial. We pushed back the Port re NO to Cold Storage. We say NO AGAIN. Same as 5R 7-R - PARK
PD 7-5.R	7	David Peltier	817 Montegut	d1319dec@cox.net	504-948-7330	Bywater		M	This area is poised to become industrial this is a residential area and it should remain a recreational / parks area. Please retain Parkland + Open space on both of this areas. 7-R + 5-R.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD 7-5.R	7	Courtney Kearney	2406 Burgundy St	courtney.kearney@yahoo.com		Bywater		M	I highly disagree w/ this amendment. Please do not approve this request.
PD 7-5.R	7	Anthony Eschmann	822 Lesepps St	knittingduck@aol.com	504-301-3772	Bywater		M	Future land use. I would oppose a change from Park and Recreation to Industrial
PD 7-50	7	Gary de Leumont	2817 Burgundy Street	mrmini@cox.net	504-944-4279	Marigny		M	These should not change to mixed use - RDO covers them now and we don't need commercial zoning.
PD 7-51	7	Gary de Leumont	2817 Burgundy Street	mrmini@cox.net	504-944-4279	Marigny		M	These should not change to mixed use - RDO covers them now and we don't need commercial zoning.
PD 7-52	7	Cecile Cassisa	2703 Royal Street		504-947-7918	Marigny		M	Please do not change residential prewar designation. I live across the street from a 24 hr. grocery. Too many cars - no place to park. Too much trash. Too many dogs (poop) I have to pick up. Too much noise. Strange people sitting on my stoop, eating, attaching bikes, dogs to banister of my residence. Scary. I've lived in neighborhood all my life. Please - it is not the French Quarter. Thanks.
PD 7-52	7	Gary de Leumont	2817 Burgundy Street	mrmini@cox.net	504-944-4279	Marigny		M	These should not change to mixed use - RDO covers them now and we don't need commercial zoning.
PD 7-6.R	7	David Peltier	817 Montegut	d1319dec@cox.net	504-948-7330	Marigny		M	Both of these neighborhoods should be low density. There is no logical argument for either to be medium.
PD 7-6.R	7	Gretchen Bomboy	2509 Burgundy	secretary@faubourgmarigny.org	504-945-4786	Marigny		M	The medium density was never asked for by FMIA - We hope the reversal to low will pass- There is a jut of commercial at Architects Row which was changed with no input from FMIA and should remain Residential even though the non conforming use is commercial.
PD 7-6.R	7	Anthony Eschmann	822 Lesepps St	knittingduck@aol.com	504-301-3772	Marigny		M	I support lowering the density of Marigny
PD 7-61	7	Peter Horjus	2517 N. Rampart St	phorjus@yahoo.com	504-952-2979	Marigny		M	The change from land use: Residential medium density to mixed use will allow for further encroachment of the St. Claude commercial area into the residential areas along Rampart.
PD 7-61	7	Gary de Leumont	2817 Burgundy Street	mrmini@cox.net	504-944-4279	Marigny		M	These should not change to mixed use - RDO covers them now and we don't need commercial zoning.
PD 7-62	7	Peter Horjus	2517 N. Rampart St	phorjus@yahoo.com	504-952-2979	Marigny		M	The change from land use: Residential to land use: mixed will allow for the encroachment of the St. Claude Commercial area into the residential areas along Rampart Street. This brings mixed use <u>all the way</u> to residential Rampart St.
PD 7-62	7	Gary de Leumont	2817 Burgundy Street	mrmini@cox.net	504-944-4279	Marigny		M	These should not change to mixed use - RDO covers them now and we don't need commercial zoning.
PD 7-63	7	Gary de Leumont	2817 Burgundy Street	mrmini@cox.net	504-944-4279	Marigny		M	These should not change to mixed use - RDO covers them now and we don't need commercial zoning.
PD 7-63	7	Peter Horjus	2517 N. Rampart St	phorjus@yahoo.com	504-952-2979	Marigny		M	The change from land use: Residential medium density to mixed use will allow for further encroachment of the St. Claude commercial area into the residential areas along Rampart St. NO!!
PD 7-7.R	7	Brenda J Martin	2707 Royal Street	brendajmart@gmail.com	504-949-0532	Marigny		M	Remove Industrial request
PD 7-7.R	7	Rick Fifield	600 St Roch	rick.fifield@gmail.com	504-319-3221	Marigny		M	The people of New Orleans want access to the water front. It is against our long term interests to change open space park to industrial. We pushed back the Port and their ill conceived plan to build cold storage. We should not have to say <u>NO</u> again.
PD 7-7.R	7	Deborah Oppenheim	600 St Roch	deboraho104@gmail.com	504-319-4262	Marigny		M	The people of New Orleans want access to the water front. It's against our long term interest to change open space park to industrial. We pushed back the Port re NO to Cold Storage. We say NO AGAIN. Same as 5R 7-R - PARK

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD 7-7.R	7	Peter Horjus	2517 N. Rampart St	phorjus@yahoo.com	504-952-2979	Marigny		M	I am concerned that the Gov. Nichols wharf site, should it be changed to Industrial zoning, and should it close in the coming years / decades, that it will be vulnerable to overly-intensive use with such zoning. I would suggest it remains park + open space, grand fathered in to allow for current activities, and then changed to park space if the opp. arises.
PD 7-7.R	7	Gary de Leumont	2817 Burgundy Street	mrmimi@cox.net	504-944-4279	Marigny		M	7R should remain green park + open space / park. Esplanade wharf - even though it currently has a maritime use it should be rezoned to allow potentially more intense use in the future.
PD 7-7.R	7	David Peltier	817 Montegut	d1319dec@cox.net	504-948-7330	Marigny		M	The proposed industrial site @ the foot of Esplanade / Elysian Fields is the worst possible thing to do. This disrupts 2 recreational / parks areas and is on the edge of 2 national historic districts. Plus if this proposed for maritime use it is worst and most dangerous section of the river in N.O. more maritime accidents occur here than anywhere else. Please retain this as recreational / parks area.
PD 7-7.R	7	Anthony Eschmann	822 Lesepps St	knittingduck@aol.com	504-301-3772	Marigny		M	Future land use. I would oppose a change from Park and Recreation to Industrial
PD 7-7.R	7	Courtney Kearney	2406 Burgundy St	courtney.kearney@yahoo.com		Marigny		M	With the River Front Park currently under construction I HIGHLY recommend that this amendment NOT be approved. Changing the zoning from Parks to Industrial is inappropriate and goes against the will of the neighborhood.
PD1-1R	1	Patricia Gay	628 Julia Street	pgay@prcno.org	504-636-3050	Lafayette Square		X	I support Upper CBD Mixed Use for PD1-1R
PD1-1R	1	M. Dydenther	820 Baronne St.	dydenther@bellsouth.net	504-524-1071	Lafayette Square		x	Support text change from Mixed-Use High Density to Upper CBD Mixed-Use request PD1-1R
PD2-2R	2	Kathryn Falwell	1535 Annunciation St. 70130	kfalwell@gmail.com		Lower Garden District		X	PD2-2.R is not Mixed Use. Should be B1-A on Magazine * RM-2A on Constance. Area is surrounded by residences; warehouse on Constance recently; rezoned B1-A w/ support of neighborhood; The Film industry is zoned to inhabit the area of former warehouse near the river with all their delivery trucks, generators, craft service vehicles & crew cars 24/7. They are too intensive a use to be in the middle of a residential neighborhood.
PD3-3R	3	Rick Fifield	600 St. Roch Ave.	rick.fifield@gmail.com	319-3221	uptown triangle		X	Please adopt this map change to allow this <u>1920</u> - 14 unit residential building to be put back into use for its intended purpose. The current Master Plan and Zoning only allow 1 & 2 family use. It is silly to think this 13,000 sq. ft. building will remain vacant because zoning is inflexible.
PD3-4R	3	Eric Thomson Sr.	207 Eleonore St.	autonuts@hotmail.com	899-7327	Audubon Riverside		X	Homeowner at this residence of 34 years. Renovated home from double to single (205-207). Maintain the master plan designation of Pre-War Low Density Residential.
PD3-4R	3	Suzanne Thompson	207 Eleonore St.	autonuts@hotmail.com	899-7327	Audubon Riverside		X	I have lived at this address for 34 years (homeowner) have made major renovations and changed my home from a double to a single dwelling (205-207). Maintain the master plan designation of Pre-War Low Density Residential. It is very congested with traffic now allowing any more commercial development would not benefit our neighborhood.
PD3-4R	3	Kris Pottharst	211 Eleonore St.	kpotttharst@yahoo.com	905-8314	Audubon Riverside		X	I support the Master Plan designation of Pre-War Low Density Residential plus it's appropriate residential zoning. I have lived near the parcel of land at State and Tchoupitoulas for <u>33</u> years and renovated my home twice. There are numerous renovations plus new builds in our immediate area, all done due to the quiet residential nature of the area plus the master plan vision of this area remaining residential as it has always been. That parcel of land has been residential for decades and decades (long before I bought 33 years ago) and that use fits the character of Tchoupitoulas from Nashville to the Park.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD3-4R	3	Kate Cowhey	211 Eleonore St.	kate.cowhey@gmail.com	905-8309	Audubon Riverside		X	I am in support of the master plan designation of Pre-War Low Density Residential for the corner of State and Tchoupitoulas. I live between Tchoupitoulas and the river and commercial building on the corner of State and Tchoupitoulas would increase traffic (which has already become inconvenient) and be detrimental to the residential community in the area.
PD3-4R	3	Ann Klimas	300 Eleonore St.	klimasj@cox.net	891-4648	Tchoupitoulas and State		X	Keep area Pre-War Residential Low Density
PD3-4R	3	Claude Cadella	301 Webster	spaceage@cox.net	891-1597, 897-6561	Burtheville		X	Nashville Ave to Audubon Park keep strictly residential. Please slow traffic on Tchoupitoulas loud trucks and speeders have made it impossible to sleep in recent years. Reduce truck usage of Nashville Ave. and magazine St... to river.
PD3-4R	3	Cheryl DeHaven	316 Webster	mypalmetto@aol.com	331-2725	Burtheville		X	Nashville Ave. to Audubon Park on Tchoupitoulas. Keep residential strictly slow traffic down for this historically residential area. Need quiet not trucks. Let businesses toward the city from Jefferson Ave. On Tchoupitoulas., too many trucks on Nashville, between magazine and Tchoupitoulas.
PD3-4R	3	William G. Clark	408 Webster	clar1784@bellsouth.net	897-2985	Burtheville		X	This area should be residential only. Business zoning should <u>not</u> be allowed between Nashville and the Park. Particularly concern for block at SE corner of State and Tchopitoulas.
PD3-4R	3	Isabel Reynolds	322 Calhoun St.	isareynolds@cox.net	895-0903	Riverside Audubon		X	We do not need more commercial development in this area. Let's let the master plan before we start amending.
PD3-4R	3		6127 Tchoupitoulas					X	I live 1 block away from this proposed development on Tchopitoulas St. I am in support of the Master Plan designation as to this usage and agree with the CZO. We have spent tax dollars on the Master Plan for a reason. To go against the Master Plan would greatly disturb my quality of life. In addition, I would like to talk for the light house for the blind who may not be able to see so well, but can hear better and this would be a nuisance for them.
PD3-4R	3	H. Phillip Radecker, Jr.	321 Alonzo St.	hpradecker@pugh-law.com	899-6592	Hurstville		X	This block (Tchoupitoulas, State, S. Front, and Alonzo) should stay residential! We do not need additional commercial sites in this area. Please do not grant a change to allow non-residential uses here.
PD3-4R	3	William McIntyre	6095 Tchoupitoulas	gofish@saltwatergrillnola.com	621-8560	ARNA		X	Please keep State and Tchopitoulas residential. I have lived in this neighborhood for over 45years and oppose changing (St... & Tchoupitoulas) it to Medium Density Mixed Use! Keep it low density residential for my toddler and our growing family. Please keep it low density family friendly residential.
PD3-4R	3	Kathryn Ryan McIntyre	6095 Tchoupitoulas	kryan.mcintyre@gmail.com	914-6035			X	I am in favor of keeping State / Tchoupitoulas as Pre War Residential Low Density. <u>Not</u> changing to Mixed Medium Density! Please keep it residential for the families in the neighborhood.
PD3-4R	3	Ellen Young	571 Joseph St.	ellenyoung11@gmail.com				X	I have lived on Joseph St. for the past five years and will continue to do so because of the familiar residential feel. We should avoid changing the complexion of this safe, family environment by adding more businesses.
PD3-4R	3	Lazaros Gioganis	300 Webster St.		896-8412			X	I have owned my property for 35 years in this neighborhood because of the quiet residential nature and I want to keep it that way. More commercial will bring more traffic.
PD3-4R	3	James Trotles			427-9555			X	I am prop Master Plan in the upper Tchoupitoulas corridor. I enjoy the residential nature of my neighborhood. I am a 15 year resident.
PD3-4R	3	Mark Mussman						X	I favor keeping the upper Tchoupitoulas area residential. I have lived Uptown New Orleans for the past 25 years.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD3-4R	3	Casey LaGarde	6129 Tchoupitoulas					X	As a new property owner at Tchoupitoulas off Webster. I purchased the property according to the master plan and the CZO. Also agree this should be a residential area. I respectfully request to support the new Master Plan at residential usage. This will change quality of life!
PD3-4R	3	Artie J. Weil	6025 Tchoupitoulas		460-3320			X	I have been living in this neighborhood for 20 years. I want to keep State and Tchoupitoulas residential.
PD3-4R	3	Rachel Webre	5969 Tchoupitoulas	rwebre@gcclaw.com	554-1322	Tchoupitoulas and State		X	I am in favor of the City's Plan to make this residential Pre-War. I am not in favor of changing this to Mixed Use Medium Density. This is a great neighborhood and we need to preserve our history in our city.
PD3-4R	3	Will Webre	5969 Tchoupitoulas	will.webre@ihg.com	897-3793	Tchoupitoulas and State		X	I am in favor of keeping the site at Tchoupitoulas / State residential only! I am not in favor of a (MS) zoning.
PD3-4R	3	Julie Ryder	5800 Tchoupitoulas		899-1148	Tchoupitoulas and State		X	In favor of keeping State and Tchoupitoulas residential.
PD3-4R	3	Mary Fanning Horaist	6016 Annunciation St.	forestcanopy@bellsouth.net	897-2496	Bloomingtondale		X	1) Please <u>deny</u> amendment PD3-4R and keep the block <u>residential</u> , Pre-War, Low Density. 2) Please retain/ <u>preserve</u> the entire former US Public Health and significant green space area in its entirety.
PD3-4R	3	Thomas Hoell	5940-5942 Tchoupitoulas	tomhoell00289@hotmail.com	508-523-1355			X	I want to zone or keep zoning of apartment complex @ corner of State and Tchoupitoulas as low density residential. I just purchased my house directly adjacent to this site and I would not have if I knew the zoning was up for change.
PD3-4R	3	Rick Klein	411 Exposition Blvd.		831-6656			X	Keep Own Neighborhood A Neighborhood "Low Density Neighborhood Works"
PD3-4R	3	Page Zeringue	5938 Tchoupitoulas	pagezeringue@hotmail.com	234-7976	Tchoupitoulas and State		X	Keep Tchoupitoulas Residential
PD3-4R	3	Margaret Fanning	6125 Annunciation	margaretfanning@att.net	899-8475	Burtheville		X	Please <u>deny</u> amendment PD 3-4/R and keep the block residential, pre-war, low density.
PD3-4R	3	Pete Zengel	5958 Annunciation St.	pzengel@hotmail.com	891-5958	Bloomingtondale		X	Please deny the amendment # PD3-4R and retain the Pre-War Low Density Housing Residential status.
PD3-4R	3	Angie Trotter	6024 Annunciation St.	atrotter@cox.net	895-6663	Burtheville		X	Keep Tchoupitoulas and State Residential!
PD3-4R	3	Rahya Blackwell	6330 Laurel St.	contact@rahya.com	352-2295	Uptown / Audubon Park		X	I am opposed to the request to intensify this property. This area is a residential neighborhood and should remain, to preserve the quality of life for the surrounding residents.
PD3-4R	3	Pierre A. McGraw	5933 Tchoupitoulas	mcp4546@yahoo.com	897-2721	Audubon Riverside		X	I support the residential designation in the Master Plan for the southeast corner of the Tchoupitoulas and State because I want: 1) Less commercial traffic in the neighborhood 2) want to maintain property values (residential) 3) maintain quality of life of neighborhood. Please help keep our neighborhood free from commercial development.
PD3-4R	3	Cecilia Sogin		csogin2@hotmail.com	352-4088	Burtheville		X	This is a request to deny this amendment to change and increase the intensity of this block from residential to mixed-use. This is a residential neighborhood and the neighbors deserve to keep the neighborhood intact.
PD3-4R	3	Tracy Lea	417 Henry Clay	tracylea@bellsouth.net		west riverside		X	oppose
PD3-5R	3	Barbara Hohnson, President, CCA	28 Neron Place			CCA		X	The Central Carrollton Association (CCA) is opposed to this proposed change in the Master Plan. The proposed change to mixed-use Low Density is not consistent and DOES NOT reflect the existing low density residential (Pre-War) land use pattern of the surrounding area.
PD3-5R	3	John Pecou	7614 Sycamore	japecou@yahoo.com	866-8874	CCA		X	Proposed Land Use change @ 2101 S. Carrollton is in-effect "spot land use," surrounding land use is <u>all</u> Res. Low Density Pre-War. Requested change to "Mixed Use Low Density" is inappropriate. Central Carrollton Association, which serves area from Willow to S. Claiborne, and S. Carrollton to Broadway opposes this change.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD3-6R	3	Bruce Worley	1135 Henry Clay Ave.	bwstflwrkm@bellsouth.net	899-8526	Upper Hurstville		X	I am concerned about the change in the Children's Hospital Zoning. Should be restricted from non-medical use. Will work on the Master Plan amendment to accomplish the above comment.
PD3-6R	3	Rick Guevara	1040 Calhoun St.	rguevara@chnola.org	896-9427			X	On behalf of the landowner, we need more information on what changes are being proposed to our property. This property has been operated as a hospital since 1860. It was there before the surrounding neighborhoods. It meets a critical need to mental and physical healthcare needs. It must be allowed to expand and grow to meet current and future needs.
PD3-6R	3	Louanna McFadyen	6128 Coliseum St.	lmcfadyen@cox.net	899-9708	Upper Hurstville		X	I am extremely concerned and upset about the possible Institutional designation of the DePaul area. This is and always has been a residential area/neighborhood; an historical neighborhood. Please zone this area residential and allow us to maintain an area we have invested our finances and our hearts in! Please think of individual homeowners and not big business.
PD3-6R	3	Glenn B. Adams	6039 Pitt St.	adamsgb@gmail.com	891-4889	Audubon Area Zoning Association		X	DePaul area zoning concerns. Historically a very low key in-patient facility that didn't bother the neighborhood! Any increased intensity of use is not wanted by neighbors. Children's Hospital expansion should be into the new Mid City medical district.
PD3-6R	3	Karen Duncan	909 Eleonore St.	kcd6227@gmail.com	891-4248	Upper Hurstville		X	DePaul Site: Preserve green space, no increase in traffic , and no commercial use.
PD3-6R	3	John and Kathleen Safr	1310 Henry Clay Ave.			Upper Hurstville		X	No to DePaul expansion. Change DePaul to residential.
PD3-6R	3	Elizabeth Curren	6121 Camp St.	lizcurren@bellsouth.net	895-2797	Upper Hurstville		X	It would be a tremendous mistake to allow for institutional and/or "medical campus" zoning on the DePaul site. It would <u>ruin</u> historic Audubon Park, severely infringe on the neighboring residential community and create a serious burden on the Henry Clay Ave, Calhoun, Camp and <u>all</u> the streets which are in the neighborhood and <u>not</u> designed for commercial ingress and egress required by a medical campus.
PD3-6R	3	Mary Looney	5902 Chestnut St.	mlooney2095@cox.net	895-4443	Upper Hurstville		X	I am opposed to proposed zoning change for the DePaul campus, now owned by Children's Hospital, to Medical Campus District. It offers too many commercial opportunities in a distinctly residential neighborhood.
PD3-6R	3	Ann and Price Cane	1325 Henry Clay Ave.	gpricecrane@bellsouth.net	897-6755	Audubon Park		X	I would like to strongly object to the DePaul complex being zoned industrial. It is clear that in looking at the surrounding area it is <u>strictly</u> residential. An industrial designation would clearly be a disruption to the historic area of the city.
PD4-113 and 119	4	Karen Ocker	4732 Palmyra St.	designko@earthlink.net	504-488-9429	Mid-City		X	S. Alexander, S. Hennessy, D'Hemecourt, Baudin, Amendments PD4-113 and 119. 500 S. Alexander, 504 S. Alexander, 4324-26 Baudin and 4328-30 Baudin are not part of the GOLD SEAL Loft Development. Now that the boundary has been established all other lots not included in the project should be 1-2 family residential which is the historic and previous and current uses at the lots above. Commercial use is inappropriate on this Square 797. Thanks
PD4-12	4	Karen Ocker	4732 Palmyra St.	designko@earthlink.net	504-488-9429	Mid-City		X	PD4-112 This is a dead end and residential on adjacent squares?? Change from Residential low Density Pre war to Mixed Use Medium Density WAY TOO HIGH. PD4-24 I support lower density and even residential. PD4-2 and PD4-25 I support this change.
PD4-2 and PD4-25	4	Karen Ocker	4732 Palmyra St.	designko@earthlink.net	504-488-9429	Mid-City		X	Support this is great. Banks St. between S. Hennessey and S. Murate is nearly all residential with the exception of Corner properties at S. Alexander. Adjust the land use to reflect existing 1-2 family residential, Thank you.

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD4-5R	4	Karen Ocker	4732 Palmyra St.	designko@earthlink.net	504-488-9429	Mid-City		X	PD4-5 Mixed Use Medium Density is too High for this area due to proximity to 1-2 family residential. Surrounding Mixed Use Medium Should all be lower density around PD-4-5
PD5-1R	5	Ernest Miro	231 Harrison Ave.	ernestmipro@hotmail.com	504-342-4153	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-1R	5	Carolyn and Dustin Fleiner	6068 Colbert St.	ccfleiner@gmail.com		Lakeview		X	We are completely against commercial zoning along Harrison Ave. between Canal Blvd. and West End Blvd. I grew up in this neighborhood, and would like to stay here to raise my family. However, the neighborhood would be destroyed if any more commercial businesses were allowed to com in. Lakeview would not be "Lakeview" any longer. Totally opposed to adding commercial zoning on Harrison Avenue.
PD5-1R	5	Holly Clement	6338 Colbert St.		504-256-7357	Lakeview		X	Opposition to Harrison Ave - between Canal Blvd. and West End - Being rezoned Commercial
PD5-1R	5	Lisa M. Condon	6318 Catina St	lcondon@lisambiance.net	504-453-3360	Lakeview		X	I support changing the zoning of the property along Harrison Ave. (between canal Blvd. and West End Blvd) to RESIDENTIAL
PD5-1R	5	Stephen A. Reynolds	6240 Louisville St.		504-488-2835	Lakeview		X	Commercial property has recently took up parking places to place eating tables on the sidewalk, which is public property specifically on Milne and Harrison on the S.E. corner. I do not want any commercial zoning in my neighborhood none.
PD5-1R	5	Graig Condon	6318 Catina St.	CGC@cox.net	504-202-2548	Lakeview		X	As per the planning principal of sustainability and keeping the neighborhood character I request that the LB-1 Commercial zoning from LB-1 to LRS residential. Intentions in Nov. of '07' when no one was around may have been good. However, a mistake was made then and needs to be corrected.
PD5-1R	5	Larry Kass	401 Harrison Avenue		504-577-0362	Lakeview		X	Please go back to residential. There is a restaurant in the 300 block of Harrison with little or no parking spaces. There is also one in the 500 block with little parking. Guest of both of these restaurants park in front of my and my neighbors homes.
PD5-1R	5	Elaine Forstall	6204 Louis XIV	elaineforstall@cox.net				X	Against Harrison Ave Commercialization
PD5-1R	5	Terrence Miranda	430 Harrison Ave.		504-482-1831	Lakeview		X	Change the zoning back to residential from Canal Blvd. to West End Blvd. for the Ave. that I have lived on over 25 Years.
PD5-1R	5	Diane Dileo	6464 Colbert Ave.		504-482-2748	Lakeview		X	Change the zoning on Harrison between Canal Blvd and West End Blvd. to Residential for new use or construction.
PD5-1R	5	Sue Wirth	6172 Louisville St.		504-914-6846	Lakeview		X	No commercial on Harrison West End to Canal.
PD5-1R	5	Carol and Andrew Bacon	400 Harrison Avenue	abed400@cox.net	504-256-3950	Lakeview		X	1) Change the zoning of property along Harrison Ave. (Canal Blvd to West End) from commercial to residential. 2) Restaurant on corner of Milne Blvd. and Harrison Ave does not provide parking for patrons, customers deprive residents of on-street parking in front of their won residents. They do not clean up trash and debris from surrounding areas. and the have placed umbrellas, tables on sidewalk. Those should be removed.
PD5-1R	5	Shirley Kirkconnell	6253 Louisville St.	shirleyK1@aol.com		Lakeview		X	Harrison between Canal Blvd and West End was residential with very limited existing businesses when I purchased my home in 1986. During the exigencies of post Katrina rebuilding that street was changed to commercial. I was unaware at the time as perhaps were many others. I would not have supported the change. I request a return to residential with allowances for correctly permitted commercial enterprises. Commercial equals cement which increases street flooding, already an important problem. for my house. it also brings parking and litter problems and occasionally noise and odors from restaurants, which are hard to escape. Please rezone to residential.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD5-1R	5	Judi Farrelly	6246 Louisville St.	sfarrelly1@cox.net	504-872-9512	Lakeview		X	Our neighborhood has now been zoned commercial while none of us were living back here. We are concerned that our residential area will be inundated with restaurants, bars, live entertainment, etc. There is no parking provided so they overflow into our neighborhood streets already. We are concerned about parking, a bank parking lot on Harrison and Louisville which will encompass 3 lots. Our streets already flood without additional cement. We do not want the additional for traffic, trash, etc. that will be taking over a previously residential area. We are also concerned that the neutral ground will be turned into similar parking which exists between Canal and Orleans on Harrison Ave.
PD5-1R	5	Karen Prigmore	6158 Louis XIV		504-615-2186	Lakeview		X	Keep Harrison Avenue Residential between Canal Blvd and West End Blvd.
PD5-1R	5	Debra Johnson	318 Bragg St.		504-483-7101			X	Return to residential Harrison Ave from Canal to West End. No more commercial, Not enough parking no more people walking throwing trash in our neighborhood.
PD5-1R	5	John Peterson, Ida Newman, Sandra Peterson, Leslie Newman	6334 Canal Blvd		504-432-5174	Lakeview		X	Harrison from Canal to West End should be Residential
PD5-1R	5	Laura A. Weinstein	336 Harrison Ave.	melaw@cox.net	504-275-4974	Lakeview		X	Commercial development on Harrison Avenue between Canal and West End will be a major problem without providing parking.
PD5-1R	5	Laura A. Weinstein	336 Harrison Ave.		504-275-4974	Lakeview		X	Commercial zoning/development will cause major problems for residents of Harrison Avenue if provisions are not made for parking
PD5-1R	5	Steve Pettus	720 Amethy St.	4spettus@cox.net	504-288-6630	East Lakeshore		X	Expand commercial opportunities between Canal and West End on Harrison. There is simply not enough commercial space to support Lakeview, Lakeshore and Lakewood South. Thank you
PD5-1R	5	Ruth H. Leard AKA Annie R. Leard	422 Harrison Ave	ruth_leard@laed.uscourts.gov	504-589-7545	Lakeview		X	Would like the 400 block of Harrison from Canal Blvd to Pontchartrain returned to Residential. The restaurant at Milne causes parking to be congested in front of my home at 422 Milne. The customers at the outside tables block the sidewalk. We have enough businesses already with no parking.
PD5-1R	5	Barbara Navarro	347 Spencer Ave. NOLA 70124		504-402-1540			X	I support changing the zoning of the property along Harrison Ave. between Canal Blvd. and West End Blvd. to Residential.
PD5-1R	5							X	I am against any more business in Lakeview
PD5-1R	5	Neil Navarro	6224 Catina NOLA 70124		504-701-9959	Lakeview		X	I support changing the zoning of the property along Harrison Avenue between Canal Blvd. and West End Blvd to Residential.
PD5-1R	5	Terrence Miranda	430 Harrison Ave.		504-482-1831	Lakeview		X	Change zoning back to Residential from Canal Blvd. to West End Blvd. For the avenue that I have lived on over 25 years.
PD5-1R	5	Leslie Gustig	6317 Catina St., NOLA 70124			Lakeview		X	I support changing the zoning of property along Harrison Avenue between Canal Blvd. and West End Blvd. to Residential.
PD5-1R	5	Raj K Saia			504-669-6976			X	Don't hurt any existing businesses or existing property owners with commercial property
PD5-1R	5	Sharon Peters	6334 Canal Blvd., NOLA 70124			Lakeview		X	I support changing the zoning of property along Harrison Avenue between Canal Blvd. and West End Blvd. to Residential.
PD5-1R	5	Carole and Andrew Bacon	400 Harrison Avenue	abcd400@cox.net	504-256-3950	Lakeview		X	1) Change the zoning of property along Harrison Ave. (Canal Blvd to West End) from commercial to residential. 2) Restaurant on corner of Milne Blvd. and Harrison Ave does not provide parking for patrons, customers deprive residents of on-street parking in front of their residences; does not clean up trash and debris from surrounding areas; placed umbrellas, tables on sidewalk. These should be removed.
PD5-1R	5	Barbara Navarro	6226 Catina St.			Lakeview		X	I support changing the zoning of the property along Harrison Ave. between Canal Blvd. and West End Blvd. to Residential.

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD5-1R	5	Danny Hebert	5947 Memphis St.		504-482-6621	Lakeview		X	We don't want commercial on Harrison Ave. between Canal Blvd. and West End Blvd.
PD5-1R	5	Joan Hailey	6158 Louisville Ave.		504-258-6566			X	Vehemently opposed to commercial designation on Harrison Avenue. Between West End Blvd. and Canal Blvd.
PD5-1R	5	Gerard Schoendorf	522 French St.	schoendo@bellsouth.net	504-486-8891			X	Opposed to Harrison between Canal Blvd. and West End being commercial.
PD5-1R	5	Randy Clark	25 Lark St.	25lark@gmail.com				X	Keep Harrison Avenue Residential between Canal Blvd and West End Blvd.
PD5-1R	5	Steve Farrelly	6246 Louisville St.		504-258-6815	Lakeview		X	I support changing the zoning of the property along Harrison Ave. (between canal Blvd. and West End Blvd) to RESIDENTIAL. The residents within a two block area of the affected location are overwhelmingly opposed to the further commercialization of Harrison Avenue between Canal and West End. The change was made while most of the residents affected were rebuilding their properties, etc. after Katrina.
PD5-1R	5	Tim Jackson	5629 Bellaire Dr.	tjack153@cox.net	504-304-7313	Lakewood South		X	Harrison between Canal Blvd and West End - some should revert back to single family. Maybe keep the nodes at Milne and Canal as commercial.
PD5-1R	5	Larry Kass	401 Harrison Avenue		504-577-0360	Lakeview		X	My block was turned to commercial. Had I known that I would not have rebuilt. There is enough commercial area in Lakeview. Please turn it back to residential.
PD5-1R	5	Bob Hoover	6242 Canal Blvd, NOLA 70124	behover@cox.net	504-818-0102	Lakeview		X	I am supporting our neighborhood effort to stop the commercialization of Harrison Ave. between West End and Canal Blvd. I did not realize the meetings were going on or I would have attended to express my opinion. How can I be notified of future meetings affecting my property and living infringement. "I support changing the mixed use low density categorized property on the Future Land Use Map (FLUM) along Harrison Ave. between West End and Canal Blvd. to Residential Single Family Post War, the same category as the adjacent neighborhood." I have lived in Lakeview for 18 years. I refuse to have my investment compromised along with the downgrading of our daily living conditions by commercialization. Already, there is a architect firm a few houses down from us on the corner of Harrison and Canal and they appear not to care about our quality of life that we have in Lakeview as they do not keep up their landscaping and employees drive up and down the alley way with no consideration of our grandkids playing on oown houses).
PD5-1R	5	Richard Adams	6257 Louisville St. NOLA 70124	rwadams666@yahoo.com	504-324-4623	Lakeview		x	I support changing the Mixed Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Ave. between West End and Canal Blvds. To Residential Single-Family Post-War, the same category as the adjacent neighborhood.
PD5-1R	5	Patrick Lopez	332 Harrison Ave	patricklopez@cox.net		Lakeview		x	I support changing the Mixed Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Ave. between West End and Canal Blvds. To Residential Single-Family Post-War, the same category as the adjacent neighborhood.
PD5-1R	5	Jessica Saacks	4978 Venus St.	jessicasaacks@yahoo.com		Lakeview		x	I support changing the Mixed Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Ave. between West End and Canal Blvds. To Residential Single-Family Post-War, the same category as the adjacent neighborhood.

PD5-1R	5	Gerard Schoendorf	522 French St.	schoendo@bellsouth.net	504-486-8891	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-1R	5	Joanne Riccobono	6362 Catina St. NOLA 70124	jolamuse@gmail.com	504-578-0185	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-1R	5	Kelley Easley	6361 Louisville St. NOLA	jolamuse@gmail.com	504-812-4591	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-1R	5	David Bengtsson	6252 Louis XIV St.	benwalkmar@aol.com	504-237-7655	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-1R	5	Patti Johnson	6233 West End Blvd.	pjohnston@mpressnow.com	504-570-0946	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-1R	5	Marcelle Meador	6200 Colbert St.	mmeador71@yahoo.com	504-4422553	Lakeview		X	I support changing the Mixed-Use Low Density categorized property on the Future Land Use Map (FLUM) along Harrison Avenue between West End and Canal Blvds. , to Residential Single-Family Post War, the same category as the adjacent neighborhood.
PD5-2R	5	Maria Dazet	319 39th St. NOLA 70124	mdazet@cox.net	504-616-7913	Lakeview		X	Why are you considering adding to the commercial space when there are vacant commercial space less than a block away? Also, why would variances be made for multi-family construction/repair in a R-1 area? I would like to know the process and rationale for considering this.
PD6-1R	6	Nick Kindel	4902 Canal Street, Suite 300, NOLA 70119	nolacpp@gmail.com	504-267-4665	Gentilly			I oppose the MU to GC Future Land Use Map. There is no need to change the future land use designation because the proposed Wal-Mart could still be developed under the MUM category. The zoning district of C-1 and MU-1 are both consistent with that category. Also a retail good establishment is permitted in both zones as well.

Master Plan Amendment Comments 2011

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD6-3R	6	Dalton Savvoir	4335 Spain St., NOLA 70122	daltonsavvoir@gmail.com	504-282-7086	Gentilly Terrace & GCIA			On behalf of the GCIA, we have reviewed the Future Land Use map and we support the change in the Industrial Canal Corridor north of I-10 from Heavy Industrial to Mixed-Use Maritime Industrial
PD6-3R	6	Scott Schenck	6001 France Road, NOLA 70126	Scott@pontchartrainlandi.ng.com	504-722-1368	Pontilly			It is wonderful news for us in Pontilly area to have some positive changes on France Road or the Industrial Canal. We want more public and entertainment businesses here.
PD6-3R	6	Nate Gaarden	6001 France Road, NOLA 70126	natg@pontchartrainlandi.ng.com	504-444-7054	Pontchartrain Park			Changing to Mixed-use Maritime on the Industrial Canal is the right move for the Community. Excellent Choice.
PD6-3R	6	Nick Kindel	4902 Canal Street, Suite 300, NOLA 70119	nolacpp@gmail.com	504-267-4665	Gentilly			If the Master Plan Amendment to change the FLUM along Industrial Canal between the Lake and I-10 bridge, it will also require that the zoning designation is changed from MI to MMU.
PD6-3R	6	Judy Murphy	4051 Clermont Drive, NOLA 70122	mmpuzzles@att.net	504-949-6544	Fairmont Park			Elysian Fields and Gentilly Blvd. commercial area -- I would rather see the area zoned MU instead of C1; PD6-3.6 Recommend change to Mixed Use Marine Industrial
PD7-2R	7	Henriette G. Nisbet		fanchon1153@bellsouth.net		Bywater		X	This email is in reference to a proposed density change to the master plan for the Bywater. Last summer, I had sent an email to C Palmer, P. Cramer and the president of the Bywater Association stating that I was opposed to a medium density change. I continue to be opposed to such a change. To me, Bywater has a charming village-like quality with old construction that makes it feel like stepping back to may decades past. It would be a shame to see that change.
PD7-2R	7	Alicia Rogan Heard	635 Louisa Street	AliciaRoganHeard@aol.com		Bywater		X	I live at 635 Louisa Street in Bywater. We purchased our home in 1977. I own two additional Bywater properties at 3212 Royal and at 1024 Martinique Alley. I am writing to request that the Planning Commission continue to recommend LOW DENSITY for my neighborhood. The BNA Board is requesting a land use change to Medium Density, but the general membership has never voted on this issue. It is important to understand that, although I have been a member of the BNA for many years, the BNA Board does not represent me. I hope that its opinion will not be given extra weight. I should like to see HURD1 or HURD2 adopted for the Low Density areas of the neighborhood. I am very much opposed to HMR3. My home and one of my rental houses are located in a primarily residential block bounded by Louisa, Piety, Royal, and Chartres Streets. The Country Club and Markey's Bar are directly across from me in the 600 block of Louisa. There are noise and parking issues. The property in the 600 block of Piety which is currently Light enefits Agreements must be available to us. 6. We want to see more residential housing (i.e. Single and double family units and townhouses). 7. We want Zion City zoning to reduce flooding, increase better
PD8-1R	8	Sarah DeBacher	701 DeslondeSt., NOLA 70117	sdebacher@gmail.com	504-945-8133			X	NO CHANGE from Parkland & Open Space & Mixed Use High Density to Industrial. No Industrial Zoning East of IHNC along river & IHNC. Parkland, Open Space & Mixed Use/HD, Please!!
PD8-1R	8	Simon Hand	701 Deslonde St.	hands@stgeorgesepiscopal.com	982-5854	Holy Cross		X	We are strongly opposed to the Port's proposal to change the levee areas to Industrial in Holy Cross AND along the Industrial Canal. This is our neighborhood park area! Hundreds of people use the levee to walk dogs, ride bikes, fish, etc. Blocking out any of this area with industry would be extremely damaging to our neighborhood. No doubt the Port would argue its proposed change would leave part of the levee intact, but it would prevent us walking the length of the levee as we <u>can</u> and <u>do</u> now. Please leave our beautiful park intact!
PD8-1R	8	Lawrence Lopel	522 B Tricou, New Orleans, LA 70117	reinedewar@hotmail.com	917-549-6273	Holy Cross		X	Am in strong opposition and intend to raise a petition to planning district PD8-1R. The proposed amendment to expand industrial status creates a public safety and health hazard.

Amend. No.	PD	Name	Address	Email	Phone	Neighborhood	Text	Map	Comment
PD9-7R	9	Dawn Hebert	6846 Lake Willow Drive	dhebert28@cox.net	n/a	Lake Willow		X	No Multi Family around Seagull Lane
Text 1	1	Patricia Gay	628 Julia Street	pgay@prcno.org	504-636-3050	Lafayette Square	X		I support Text change #1
Text 1	1	M. Dydenther	821 Baronne St.	dydenther@bellsouth.net	504-524-1071	Lafayette Square	X		Support text change #1.
Text 14	6	Dalton Savvoir	4335 Spain St., NOLA 70122	daltonsavvoir@gmail.com	504-282-7086	Gentilly Terrace & GCIA	X		As per text #14, Volume 2, Chapter 15, we of the GCIA oppose the elimination of the reference to the district wide council. We feel that the umbrella organization or district council such as GCIA serve to unite and organize the neighborhood associations.
Text 17	4	Dan Jatres	2651 Poydras St.	djatres@gmail.com	504-483-8505		X		RTA's recommendations 3a and 4a under Vol. 2 of Chapter asks to delete actions from the Chapter because they have been completed /implemented. I would suggest that instead of deleting these actions, the be marked as completed. This allows the Master Plan to reflect progress on its recommendations instead of removing it from the text.
Text 19	3	Pat Williamson	207 Alonzo St.		891-2701	Tchoupitoulas, State and National	X		Please do not accept this amendment.
Text 19	3	H.V. Nagendra	2319 Adams St.	h.nagendra@att.net		CCA	X		1) Oppose the deletion of District Wide Council 2) Oppose the creation of "one" as part of the executive branch 3) Recommend office of neighborhood engagement independent or under CPC.
Text 19	4	Keith Twitchell	3032 Ponce de Leon	keithget@aol.com	504-430-2258	Faubourg St. John	X		The revisions simply are not necessary and in the case of "eliminate all reference to a district wide council" highly destructive and contrary to the stated wishes of large numbers of citizens during the Master Plan process. These councils are essential to creating equity, access, fairness, and equal opportunity for all citizens to participate meaningfully. Thank you
Text 19	4	Maggie Tishman	1565 Webster St.	mtishman@ccano.org	504-821-7236		X		I oppose text amendment # 19.
Text 19	2	Nick Kindel	1931 Jena St. NOLA 70115	kindeln@gmail.com	503-871-0576	Freret	X		In addition to other comments that I have made. I am opposed to eliminated subheadings 2 & 3 in Vol. 3, Ch. 15of the Master Plan. The Master Plan was the result of significant work by City, Consultants, and most importantly New Orleanians. I don't think that these sections of the Master Plan should be removed just because the Mayor created an Office of Neighborhoods.
Text 19	2	Nick Kindel	1931 Jena St. NOLA 70115	kindeln@gmail.com	503-871-0576	Freret	X		I oppose Text Amendment # 19, because it would "eliminate any references to a district wide council." District Councils are an important aspect of Chapter 15. District Councils are a nationwide best practice and are an important forum for Neighborhood Association to work together on common issues.
Text 19	2	James Dimitry	1726 Robert St., NOLA 70115	dmitayj@opso.us	504-827-3877		X		Object to City official changing Chapter 15. All the meetings planning & criteria input in original Master Plan. Since mandate for citizen participation has not been done.
Text 19	6	Nick Kindel	4902 Canal Street, Suite 300, NOLA 70119	nolacpp@gmail.com	504-267-4665	Gentilly	X		I oppose Text Amendment # 19 proposed for Vol. 2 Chapter 15 that would eliminate any references to district wide councils
Text 5	3	Kate Lolley	924 Joliet Street	katherinelolley@gmail.com	406-480-0834	Carrollton Riverbend	/ X		Please include wording to support any policy initiatives that tackle obesity in New Orleans. Specifically, I ask you to adopt text #5 amendment from the Place Matters Working Group.
